SAFETY FIRST

Our Bus Supervisors carefully supervise children throughout the journey, escorting children to camp and back and generally passing on any day-to-day camp communication to parents. We have strict procedures for emergencies and our supervisors will never leave children unattended at any point under any circumstances. If nobody arrives at the appointed drop-off time our bus will continue to the end of its route before contacting parents via our Transport Coordinator at the camp. Every effort is made to ensure the smooth running of the transport operation. Our transport co-ordinator will discuss any requirements in detail prior to the camp start date.

OWN TRANSPORT

Campers not wishing to avail of our transport service are entitled to a €10 reduction of the overall fee. Such campers should arrive at the Camp not later than 9.30am and be collect by an adult between 5 - 5.30pm.

SCHEDULED PICK-UP POINTS

We offer supervised transport to & from some of our day camps & from numerous pick-up points in & around the surrounding area and, for selected camps. For full details contact our Parent Line on 1850 211619. Each morning, our fleet of vehicles with friendly, experienced Bus Supervisors on board collects children and brings them in to camp. In the evening, we drop them off again. All vehicles used for this service are fitted with seatbelts throughout and driven by experienced drivers. Most of the contractors that we use are involved with school runs during term-time and we insist on the highest standards of service & reliability.
